### ### \*\*Instructions\*\*

#### #### \*\*Notes\*\*

- \* \*\*Crocheting in Rounds:\*\* Parts crocheted in a spiral do not require joining rows or turning chains. Use a stitch marker to mark the beginning of each round.
- \* \*\*Changing Yarn:\*\* To create a neat color change, cut the old yarn, leaving a 10-12 cm tail. Pull the tail through the last stitch. Use a needle to weave the tail into the next stitch and then back through the back loop of the previous stitch to form a new loop. Secure the tail on the wrong side. Attach the new yarn to this loop and continue crocheting, skipping the loop on the next round.

4. Pull the thread tight to create an indent. Repeat several times for the first eye socket.

5. Without cutting the yarn, insert the needle into the back hole again and exit at the pin for the second eye (point 3).
6. Insert at point 4 and exit at the back hole. Repeat, tightening to create the second socket.
7. Secure the yarn. Add more stuffing to the head through the hole if needed.

**\*\*Eyes:\*\***

1. Draw or trace an eye shape onto paper, then transfer it to a piece of white cotton fabric.
