Assembly and Finishing

1. **Assembly:** Sew the head to the body. Attach the ears to the head, if using.

2. ****Leg Wraps:**** Use a needle to fasten thread at the color change on the legs. Wrap the thread several times to create a decorative band and secure it with a knot.

3. ****Sundress:****

* ****For a non-removable sundress:**** Place it on the doll, sew the back seam closed, and secure it to the body with a few stitches. Attach the arms, then sew on the sundress straps and pocket.

* ****For a removable sundress:**** Sew a button or snap to the back closure. Attach the straps and pocket. The arms should be attached to the body before dressing the doll.

4. ****Collar:**** Sew the sweater collar around the neck.

5. ****Face:**** Lightly mark the placement of the eyes with a pencil to ensure symmetry. Embroider the eyes and mouth. Tint the area around the eyes with a brown pencil and the cheeks with a pink pencil.

6. ****Hairstyle:**** Sew the hair yarn along a center part on the head; stitch over the part twice for durability. Secure the hair around the head with small stitches, leaving front strands loose for styling.

7. ****Decoration:**** Add any decorative elements as desired. To create a "distressed denim" look on the sundress, apply a small amount of white acrylic paint with a dry brush and rub it into the fabric.
