Stuff only the hands. Crochet a few extra SC if needed to position the thumb correctly to the side. Fold the top of the arm flat and crochet through both sides with 10 SC to close. Sew the arms to the body one row below the collar.

****Hair****

Cut strands of hair yarn to your desired length. Attach them to the head before starting the decreases (before Round 21). To attach, pull each strand through a stitch with your hook, working in a spiral from the crown outwards. Tie a knot on the inside for each strand to secure it. Depending on yarn thickness, 5-6 rows of hair attached in a spiral should be sufficient. A similar attachment method can be found from amigurio. You can also use any other hair attachment method you prefer.

****Hat****

****Step 1:**** Chain a length equal to your doll's head circumference (approx. 56 stitches). Join the chain into a ring with a SL ST.

****Step 2:**** Work one round of HDC.

****Step 3:**** Create a ribbed brim by alternating front post and back post double crochets in a circle for one round.

****Step 4:**** Continue working rounds of HDC until the hat reaches the desired height (approx. 11 rows). Try it on the doll as you go.

****Step 5:**** Close the top opening and sew any remaining hole shut. Make a pom-pom and attach it to the top of the hat.

****Bag****

The bag is sewn from felt by hand. Cut the felt according to a pattern of your choice. Sew the pieces together, using a stitch like a blanket stitch. Create and attach a handle. Sew a button closure flap for a closure and decorate as desired.

***Note:** Before cutting the handle, measure the required length on your doll. The handle should be

long enough to fit over the doll's large head.*
