Stuff the arm lightly up to Rnd 14. Do not stuff further.

****Rnd 15 (BLO):**** Change to white yarn. sc in each st around (18)

****Rnd 16:**** sc in each st around (18)

****Rnds 17-29:**** Continue working in stripes, changing color every two rounds (alternating grey and white). sc in each st around (18) [13 rounds]

Fold the top of the arm flat and crochet through both layers with 9 sc. Fasten off, leaving a long tail for sewing.

****Cuff:**** Attach grey yarn to the front loops of Rnd 14 and work 18 sc around. Sl st to join, fasten off, and weave in the end.

****Hat****

This part is knitted.

Alternate yarn colors every three rows (white, red, grey), starting with white.

1. The number of stitches to cast on depends on your yarn, tension, and the body's diameter. As a guide, determine your stitches per cm and multiply by the circumference of the gnome's body. For example, for a body with a 34 cm circumference and a tension of 2.5 sts/cm, you would cast on 85 stitches.

2. Cast on the required number of stitches onto your 3 mm needles.
3. Work back and forth in stockinette stitch for 18 rows, changing color every 3 rows.
4. Begin decreases: In every right-side row, make one decrease at the beginning and one at the end of the row.
5. Continue decreasing in this manner until 2 stitches remain.
6. Knit the last 2 stitches together. Fasten off and cut the yarn.
7. Fold the resulting triangle in half and sew the seam.

Beard

1. Cut a triangle shape from the white faux fur.
2. The size depends on your finished gnome. The width should be enough to stretch from one arm to the other. A sample measurement is approximately 14-15 cm wide.
3. The height determines the length of the beard. A sample measurement is approximately 17 cm long. Adjust to your preference.

Assembly

1. ****Nose:**** Sew the nose onto the body, positioning it between approximately Rnds 41 and 45.
2. ****Beard:**** Place the beard so it fits snugly under the nose, creating a slight fold. The top edge of the beard should align with Rnd 44 of the body. The sides of the beard should reach the positions where the arms will be attached. Sew the beard in place.
3. ****Arms:**** Sew the arms to the sides of the body, level with the nose and the top of the beard.
4. ****Hat:**** Place the hat on the head, pulling it down so the brim sits just over the top of the arms and nose. Sew the hat in place.
