Beard

1. Cut several pieces of Nako Paris yarn, about 15-20 cm long. For a fuller look, use two strands together for each piece of beard hair.

2. Insert your hook between two stitches on the gnome's body. Fold a piece of yarn in half and pull the looped end through the stitch.

3. Pull the loose tails of the yarn through the loop and tighten to secure it.

4. Attach the beard in the two rows directly under the nose and along the sides of the nose.

Hat

Use white yarn.
