****Hair and Beard****

****Using Wefts (for Santa):****

1. Carefully separate the hair weft into thin strands.

2. Lightly draw a hairline on the doll's head with a pencil.

3. Using a needle and matching thread, begin sewing the strands along the drawn line. Use a loop stitch: insert the needle, bring it back up a short distance away to create a loop, place a hair strand in the loop, and pull the thread tight.

4. Sew the first row of hair around the back and sides of the head. Add a second row higher up, towards the crown.

5. Draw a beard line and sew 2-3 rows of hair strands along this line.

6. Place the hat on the head, positioning it to cover the hairline. Tack the hat in place. Trim the hair and beard to the desired length.

****Felting (for Gnome):****

The following is one method for felting the hair and beard.

1. Separate a piece of felting wool into thinner layers.

2. Tear off a small piece, shape it into a beard, and place it on the face along a pre-drawn line.

3. Using a felting needle, tack the top edge of the beard to the face with reciprocating movements. Add more wool if needed for fullness.
4. Take a larger piece of wool for the hair. Place it from the forehead to the back of the head.
5. Felt the hair onto the head along the hairline on the forehead and temples.
6. Lift the top layer of hair and felt the lower layer along the nape of the neck.
7. Smooth the hair, put on the hat, and style as desired (e.g., a ponytail). The tip of the beard can be twisted.

Final Assembly

1. Dress the doll in the camisole, boots, and hat.
2. Tie the belt.
3. Place any accessories like the bag or spoon.
4. Use fabric markers to draw a mouth. Add blush to the cheeks and nose.
5. Add any final decorations.
