Hair Wefts

1. Cut a piece of weft approximately 6-7 cm long. Roll it into a tight bundle and sew it to secure its shape. This will be placed at the crown.
2. Pin the remaining wefts to the head in a spiral pattern to plan their placement and ensure you have enough coverage. Leave a small hole at the crown for the hair bundle.
3. Sew the wefts to the head row by row using a backstitch. Sew the rows tightly together to avoid gaps.
4. Sew the prepared hair bundle into the opening at the crown.
5. Distribute the hair from the bundle to cover the crown. Place a piece of cotton fabric over the hair and gently press with a warm iron for a few seconds to set it. Do not use high heat, as it may damage the hair fibers.
