Foundation: Chain 6.

R1: Starting in 2nd chain from hook: 5 SC. Work a SL ST into the 5th stitch as well.

Fasten off, leaving a tail for sewing. Weave in the starting tail.

ASSEMBLY

Before sewing, pin all parts in place to ensure symmetrical placement.

1. **Nose:** Sew the nose to the head, centered around R11.
2. **Eyes:** Using reinforced thread, sew the eyes close together, just above the nose, at R9. To create a slight indent, insert the needle at the back of the head, bring it out at an eye position, thread the eye, and bring the needle back to the starting point. Repeat for the other eye. Gently pull the thread tails and tie them securely, hiding the knot inside the head.
3. **Head:** Sew the head to the body around the last open row of the neck, about 3 rows above the arms.
4. **Valenki (Felt Boots):** Sew the boots to the bottom of the body. They should be centered, with about 1-1.5 rows of space between them.
5. **Beard:** Place the beard so the center indentation is just under the nose. The side corners should align with the row where the eyes are attached. Sew it onto the head through the back loops only.
6. **Hat:** Sew the hat to the head. The front edge should be about one row above the eyes. The back edge should sit flush with the bottom of the head.
7. **Coat Bottom Trim:** Sew the trim around the body, just below R9. Position it horizontally and sew the two short ends together at the back.
8. **Coat Collar and Front Trim:** Attach the piece to the bottom trim at the front opening. Run it straight up the front, and wrap the other end around the neck to form a collar. Stitch the trim in

place along the front opening and secure the collar.

9. ****Pockets:**** Sew the pockets on a slight diagonal. The bottom edges should be 3 rows up from the bottom trim, and the top edges should be 3 stitches away from the front trim.

10. ****Finishing:**** Weave in any remaining yarn tails, hiding them inside the body.
