Fasten off, leaving a long tail for sewing.

****Assembly and Finishing****

It is recommended to do facial sculpting before attaching the hat.

****1. Facial and Body Sculpting:****

* ****Face:**** Use a long needle and matching thread. From under the chin, go up to the right eye, across to the left eye, and back down to the chin. Pull slightly to create eye sockets. Do the same from the back of the head towards the eyes to define the shape.

* ****Ears:**** When sewing on the ears, you can do a slight sculpting stitch between them.

* ****Feet:**** Sculpt from the bottom of the foot up to the armpit area and back to define the legs.

****2. Assembly:****

* Insert safety eyes between R6-7 of the head, with 4-5 stitches in between.

- * Sew the ears to the sides of the head, around R4-6.
- * Sew on the hair and beard.
- * Attach the hat.

****3. Final Touches:****

- * Tint the cheeks using eyeshadow or dry pastels.
- * Draw on freckles if desired.
