Assembly & Decoration

1. **Attach Legs:** Using a needle, thread the yarn tails from the legs. Insert the needle into the opening at the bottom of the head (where 6 loops remained) and bring it out at the back of the head. The threads from both legs should exit at the same point. Tie a secure knot and hide the ends.

2. **Position Legs:** To make the legs point towards each other, apply a small drop of glue to the "feet" of one leg and press both legs together until the glue sets.

3. **Attach Arms:** Thread the yarn tails from the arms. Sew them to the body just below the head (around Round 11). Bring the threads out at the same point on the back, tie them securely, and hide the ends.

4. **Embroider Eyes:** Use black sewing thread (two strands) to embroider the eyes onto the face.

5. **Attach Wings:** Sew the wings onto the back of the dress.

6. **Make Halo:** Create a halo from chenille wire. Insert the ends into the top of the head and bend them to secure. You can add a drop of glue to the ends for extra security.

7. **Add Hanger:** Attach the keychain base or a loop of yarn to the top of the head so the angel can be hung.
