*   *Cinch the remaining stitches closed. Sew the side seam and add a tassel to the tip.

Assembly and Finishing

Face Shaping

1. **Eye Placement:** Count 6 rows up from the MR on the head. Place pins for eyes between R6 and R7, with 10-11 stitches between them.

2. **Tightening:** Place a pin in the center of the head, between R13 and R14. Use a long needle and thread to create indentations for the eyes by sewing between the eye pins and the center pin on the bottom of the head.

3. **Details:** Glue on the half-bead eyes. Tint the area around the eyes with brown and the cheeks with pink. Sew the nose in the middle, between the eyes. Sew the ears between R13 and R14. Embroid eyebrows, eyelashes, and a smile.

Toy Assembly

1. Sew the hair curls around the head.

2. Sew the head to the body, hiding the tightening point from the face shaping.

3. **Shorts:** Take the two short leg pieces. Fold the chained edge (where you worked in BLO) in half and sew one side closed. Sew the bottom of the shorts to the body at R10, with about 2 stitches between them.

Attaching Arms and Legs (String-Jointed Method)

1. **Prepare Limbs:** Take a long thread (50-60cm). For each arm, thread the needle through the upper part, middle part, and then the hand. Return in reverse order through the middle and upper parts. The thread should pass freely through the center of the pieces. Do not cut the long ends. Repeat for the second arm and both legs (sewing through upper, middle, and boot pieces).

2. **Attach Arms:** Mark attachment points between R24 and R25 on the body, with about 12 stitches between them on the front. On the back, mark two points 1-2 stitches apart. Thread the ends from the right arm through the body from the side to the back point. Do the same for the left arm. Tie the ends together securely on the back, leaving a 1-1.5cm space for movement. The knot will be hidden by the jacket.

3. **Attach Legs:** Mark two points on the back, 3 stitches above the shorts, with 2 stitches between them. Thread the ends from the right leg up through the shorts and out the marked point on the back. Repeat for the left leg. Tie securely as you did for the arms.

4. **Secure Legs to Shorts:** Sew the top of the upper leg piece to the bottom edge of the shorts. Stitch around the leg, catching only the edge of the shorts so the leg can still move freely.

Key Assembly

1. Insert chenille wire or a pipe cleaner into the Tube and Ring pieces for structure.

2. Bend the Ring piece into a circle and sew the ends together.

3. Sew the Ring to the side of the Tube.

4. Wrap the Bit piece around the Tube, a few stitches away from the Ring, and sew it in place.

Final Details

1. Embroider laces on the boots.

2. Add small beads to the ends of the white threads on the jacket collar and tie knots.

3. Put on the jacket and hat, sewing the hat in place if desired.
